

Appl. No. 09/769,360
Attorney Docket No. 038602/1081

The Examiner asserts that Applicants are required under 35 U.S.C. § 121 to elect a single disclosed species from whichever group is elected, even though this requirement is traversed.

Applicants hereby elect the species on page 32, namely 5-pyrrol-1-yl-quinazoline-2,4-diamine:

It is understood that should the Examiner find the above species allowable, then the search and examination of the entire application will proceed according to the procedure set forth in MPEP § 803.02.

Applicants reserve the right to file one or more divisional applications covering the subject matter of the non-elected claims.

Applicants respectfully request examination on the merits of this application. If the Examiner believes, for any reason, that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at the number provided.

Respectfully submitted,
